Subject: RE: I oppose Duke's latest rate hike for dirty energy

Dear Mr. Gertz

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2013-59-E and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Assistant

South Carolina Public Service Commission

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

Jeff Gertz

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

It offends me that I will be asked to pay for what amounts to an investment in outdated, environmentally dangerous technology. Dirty coal powered the last century. I want Duke to leave it behind for the renewable energies of the future.

There is no such thing as clean coal. Please, reject this rate hike!

Sincerely,

Evan Hill
